

THE BMH ELEGANCE ROLLER™

A NEW GENERATION OF ROLLERS
EASY ON THE EYE - EASY TO USE

"THE ONLY ALUMINIUM AND STAINLESS STEEL ROLLER ON THE MARKET"

ELEGANT DESIGN :

A patented design by a specialist design studio gives the owner the most aesthetically pleasing, easy to operate pool roller on the world market. Its rounded edges and smooth form will look great in any back yard.

LONG LASTING :

- 3 year structural warranty
- Available fully mobile or stationary "use and remove"

EASY TO OPERATE :

- A large easy wind wheel/handle combo winding system
- 360° rotating heavy duty stainless steel castors for ease of use
- Optional black plastic castors

The built-in drop pin braking system maintains the position of the roller when winding the pool blanket off the pool. The drop pin can be slid into the mobile position when the roller needs to be wheeled away.
